BUSH ROSES

2-year bushes 90c each; \$10.00 dozen.
Salem-grown acclimated bushes.
NOTE. Our rose bushes are not devitalized by being stored indoors in dry air. Why risk boxed, waxed bushes that may have been devitalized by dry, indoor storage when our acclimated bushes cost no more?

Varieties

AMI QUINARD—Very dark red.
ANGELE PERNET—Coppery-yellow.
AUTUMN—Burnt orange.
AUSTRIAN COPPER—Single shrub rose.
Red one side petals, yellow on reverse.
BETTY UPRICHARD—Copper pink.
BOUDOIR—Tyrian red on inside petals, creamy white on reverse.
BOUQUET—Rose-red floribundi.
CHAS. P. KILHAM—Oriental red suffused with orange.
CONDESA DE SASTAGO—Bicolor—yellow and raspberry red.
CALADONIA—White.
CECIL—Single yellow.
CUBA—Orange-scarlet.
CHRIS. STONE—Blazing crimson. One of best.
DAINTY BESS—Rose pink. A fine single.
DAME EDITH HELEN—Shell pink.
DOROTHY JAMES—Two toned chamois-pink.
DAINTY MAID—Similar to Dainty Bess with perhaps a little more color.
E. G. HILL—Scarlet.
EDITH NELLIE PERKINS—Coppery-pink.
ETOILE DE HOLLANDE—Dark velvety red.
ERNA TERSENDORF—Pink polyantha.
FAIENCE—Pink and yellow bicolor.
FAMA—Bicolor.
FRAU KARL DRUSKI—White.
GIRONA—Bicolor. Red and yellow blend.
GOLDEN SALMON—Polyantha. Orange-scarlet.
GOLDEN GLEAM—Yellow.
GOLDEN DAWN—Sunflower yellow.
HINRICH GAEDE—Copper-orange.
IMPROVED LAFAYETTE—Floribundi.
Red. Constant bloomer.
IMPERIAL POTENTATE—Well shaped pink.
INNOCENCE—Single white.
ISOBEL—Single pink.
JOANNA HILL—Creamy yellow.
KATHLEEN PECHTOLD—Bicolor of gold, orange and copper.
KAREN POULSEN—Single, unfading red. Continuous bloomer.
KATHERINE ZEIMET—White polyantha.
KORALLE—Floribundi. A dandy rose-red always in bloom.
LOS ANGELES—Flame pink.
LULU—Slender buds of coral-apricot.
LIZZY HORSTMAN—Scarlet.
LITTLE MISS MUFFET—Coral-pink floribundi.
HOME SWEET HOME—Peony shaped pink flowers.
MME. JOS. PERRAUD—Buff.
MME. CAROLINE TESTOUT—Pink.
MARGARET MCGREEDY—Large orange-scarlet.
MAYOR BAKER—Orange-scarlet.
MARTHA LAMBERT—Shrub rose. Scarlet single flowers.
MME. EDU. HERRIOTT—Coral pink.
MRS. SAM MCGREEDY—Copper-orange.
MRS. P. S. DUPONT—Fine yellow. Pointed buds.
MCGREEDYS YELLOW—One of best yellows.
MCGREEDYS IVORY—A fine white.
MRS. R. M. FITCH—Floribundi. Light pink.
MRS. E. P. THOM—Yellow.
MME. JULES BOUCHE—White.
NIGHT—Very dark red.
PADRE—Coppery-scarlet.
PICTURE—A fine new pink.
POINSETTA—Poinsetta red.
PRES. HOOVER—Orange-scarlet and pink.
RAPTURE—Light pink. An improved Mde. Butterfly.
RED RIPPLES—Floribundi. Red.
ROSLYN—Yellow.
RED HOOVER—Cherry red.
SEQUOIA—Light yellow suffused apricot.
SOUTHPORT—Red.
SOU. MME. CLAUDIUS CHAMBARD—Deep rose-pink.
TALISMAN—Mixture of red, orange and copper.
THE DOCTOR—One of best pinks.
TRIUMPH DE ORLEANS—Floribundi.

CLIMBING ROSES

2-year bushes. \$1.00 each.
AMERICAN PILLAR—Vigorous, single apple-blossom pink.
CL. CECILE BRUNNER—Tiny pink flowers.
CL. YELLOW CECIL BRUNNER—Tiny yellow flowers.
CL. ETOILE DE HOLLANDE—Red.
CL. HOOSIER BEAUTY—Dark crimson.
CL. LOS ANGELES—Coral pink.
CL. LADY HILLINGDON—Long apricot buds.
CL. MRS. P. S. DUPONT—Yellow ever-blooming.
CL. MDE. BUTTERFLY—Light pink buds.
CL. PRES. HOOVER—Vigorous, orange-scarlet.
CL. TALISMAN—Red, yellow, copper mixture. Repeat bloomer.
COUNTS OF STRADBROOKE—Unfading red. Repeat bloomer.
DR. VAN FLEET—Flesh pink.
KITTY KINNONMONT—Clear pink.
MME. GREGOIRE STAECHLIN—Pink.
PAULS LEMON PILLAR—White.
PAULS SCARLET CLIMBER—Red.
REVEILLE DE JONNAIS—Bicolor. Golden yellow suffused with pink. Something different.
SOU CLAUDIUS DENOYEL—Repeat bloomer. Red.
RUTH ALEXANDER—\$2.00 each.

WHEN TO PLANT

Balled Evergreen Shrubs.
Oct. 1—June 1
Nut - Fruit - Shade Trees - Roses.
Nov. 15—April 15
Tulips - Hyacinths - Crocus - Peonies.
Oct. - Nov. - Dec.

TREE ROSES

Our tree roses are budded on thornless stems that do not sucker underground as do the native canes used by most nurseries as stems. They are headed at about 42 inches from the ground. We are grading our tree roses into three grades, the top grade having straightest stems and best heads whereas the No. 2 grade will be more crooked stems, which, however, can be pretty well straightened out by staking and tying.

	Each
Select grade	\$3.50
No. 1 grade	3.00
No. 2 grade	2.50

Varieties

AUTUMN—Burnt orange.
CHRIS STONE—Blazing crimson.
DAINTY BESS—Single. Pink.
DOROTHY JAMES—Two toned chamois pink.
ETOILE de HOLLANDE—Dark velvety red.
HINRICH GAEDE—Copper-orange.
INNOCENCE—Single white.
KAREN POULSEN—Single, unfading red.
KORALLE—Rose-red floribundi.
KATHLEEN PECHTOLD—Old-gold orange and copper.
LULU—Slender buds of coral-apricot.
MRS. P. S. DUPONT—Fine yellow.
MCGREEDY IVORY—Best white.
MRS. SAM MCGREEDY—Cooper-orange.
MRS. E. P. THOM—Yellow.
POINSETTA—Poinsetta red.
PICTURE—A fine pink.
PRES. HOOVER—Multicolored.
RED HOOVER—Rose-red.
TALISMAN—Red, yellow and copper.
THE DOCTOR—Fine pink.
GOLDEN GLEAM, MCGREEDY IVORY and THE DOCTOR all on one tree.
SOUTHPORT (red), MRS. P. S. DUPONT (yellow) and KATHLEEN PECHTOLD (multicolored) on a single tree.
NOTE—Where we ship tree roses we must charge \$1.00 per tree extra to cover cost of crating and buyer pays the express costs. Too large for parcel post.

PATENTED ROSES

Rose bushes are very short in supply all thru the nursery trade again this season. Patented varieties are especially scarce. We offer a small supply of the following varieties.
CRIMSON GLORY—Velvety deep crimson. \$1.50 each.
CHARLOTTE ARMSTRONG—1941 All-American. A beautiful red. \$1.50.
COUNTESS VANDAL—Pink. \$1.50.
ECLIPSE—Long yellow buds. \$1.50.
FRED EDMUNDS—1944 All-American. Coppery-orange. \$2.00.
FANTASIA—A fine new golden yellow. \$1.50.
FLORADORA—Floribundi; cinnabar red. An All-American. \$1.50.
GOLDEN HARVEST—Clear golden yellow. \$1.50.
HEARTS DESIRE—Fragrant rich scarlet. \$1.50.
KATHERINE T. MARSHALL—1944 All-American. Clear pink. \$2.00.
LOWELL THOMAS—Rich yellow. All-American. \$2.00.
MARK SULLIVAN—Golden yellow, heavily veined and shaded with cerise and rose-pink. \$1.25.
MIRANDY—1945 All-American. Deep crimson. \$2.00.
MME. HENRI GUILLOTT—Watermelon pink. Fine buds. \$1.50.
NARZISSE—Immense maize-yellow. \$1.50.
PEACE—ALL-AMERICAN. Buds rich creamy yellow changing to creamy white with pink picotee edging to petals. One of finest roses ever created. \$2.50.
PINOCCHIO—Most popular floribundi. Continuous blooming salmon flushed with gold at base of buds. \$1.25.
REX ANDERSON—Ivory white. \$1.50.
ROSE ELFE—Floribundi with diminutive rose-pink buds. \$1.00.
SHOW GIRL—\$2.00.
SONATA—Long pointed buds of cochineal-red. \$1.50.
SIGNORA—Orange-salmon on long stems. \$1.50.

COLORS HYDRANGEAS

Not many shrubs bloom in summer. Hydrangeas start blooming after the big spring bloom of most other shrubs. They thrive in part shade.
AVALANCHE—Large white flowers.
AMERICA—Deep rose pink.
TRIUMPH—Deep pink.
TROPHEE—Reddish-pink.
Price: 2-year blooming size plants, \$1.50.

HEDGE MATERIALS

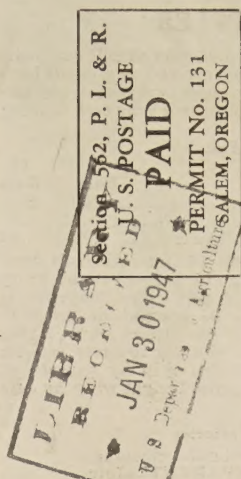

ENGLISH LAURELS. Fastest growing evergreen hedge. Plant 30 inches apart.
1-year, 12 to 15-inch plants, \$2.00 dozen.
ENGLISH PRIVET. A near evergreen. Plant 12 inches apart. \$1.00 dozen.
For tall, ready grown hedges and screens we have English Laurel up to 6 feet tall and Cedars up to 7 feet high.

BLUEBERRIES

These do well here if planted on soil well supplied with organic matter such as peat moss, rotted straw or rotted manure. Add sulfur to make sure of acid soil. Plant two or more varieties to insure pollination. We can supply Rancocas, Rubel and Jersey, all fine varieties.
4-year plants \$2.50 each.

EVERGREEN SHRUBS

This list does not cover evergreen shrubs. We have a very complete line of balled shrubs at our salesyard. These are too heavy for mailing and crating is too scarce to permit many shipments. Your best deal on this class of stock is to look them over at salesyard and make your own delivery.
We have no general printed list of evergreen shrubs.

CATALOG- SEASON 1946-1947

Acclimated Western Oregon Grown Nursery Stock

WE GROW OUR OWN STOCK
It is Acclimated to Northwest Conditions

Rose Bushes - Berry Bushes
Fruit - Nut - Shade Trees

Knight Percy Nursery

Post office Box 12 - SALEM, OREGON

Sales Yard 375 S. Liberty 2 Blocks S. of Armory

FLOWERING SHRUBS

These shrubs lose their leaves in winter but are most colorful in spring and summer. They are especially valuable in creating a colorful backyard or "out-door living room". Surround your backyard with these shrubs to create privacy.
The shrubs in this list sell for from 75c to \$1.25 each, depending upon variety and size. In some varieties we offer several sizes. See them at our salesyard.
ALTHEA—Bloom in late summer. We have Boule de Feu—a red; Lucy—red; Banner—white with red eye; Rubis—red, and Pulcherrima—rose.
BEAUTY BUSH—Kolkwitzia. Pink flowers.
CALYCANTHUS—Fragrant red-brown flowers. Small plants available only.
PINK DEUTIA—
FORSYTHIA (Goldenbells)—Earliest bloomer. Yellow flowers.
PINK TARTARIAN BUSH HONEY-SUCKLE.
HYDRANGEA HILLS OF SNOW—White flowers.
KERRIA—Double yellow flowers.
LILAC—Common purple lilac.
PERSIAN LILAC—Lavender flowers.
MOCK ORANGE—White flowers.
JAP QUINCE—Red flowers.
RED FLOWERING CURRANT—Fine native. Red flowers.
SPIREA VAN HOUTTE—White flowers.
SPIREA THUNBERGI (Jap Spirea)—Very early white flowers.
SPIREA TRICARPA—Korean spirea. White flowers.
SPIREA ANTHONY WATERER—Pink flowers in summer.
SNOWBALL—Old fashioned white balls.
VIBURNUM TOMENTOSUM—Flat Jap snowball.
HIGHBUSH CRANBERRY—Similar to snowball but produces colorful clusters of red berries; \$1.50.
PINK WEIGELIA—Trumpet shaped pink flowers.
VITEX MACROPHYLLA—A graceful shrub with lavender-blue flowers in late summer and fall.

BUDED FRENCH LILACS
MME. LEMOINE—Double white.
PRES. GREY—Double violet.
BELLE DE NANCY—Double pinkish.
PRES. LOUBET—Reddish purple, double.
CHAS. JOLY—Reddish purple, double.
JAN VAN TOL—Single white.
CHAS. X—Single magenta.
MONTAIGNE—Double pinkish.
Price: \$1.75 to \$2.50.

FOR CHRISTMAS GIVE SHRUBS

Camellias - Pink Dogwoods
Tree Roses - Rhododendrons

NURSERY-GROWN NATIVES

We have quite a variety of nursery grown native shrubs and trees. These are particularly adapted to use in development of country places. These shrubs will transplant safely whereas collected stock from the woods is very risky. We can supply Ponderosa pine, Contorta pine, Hemlock, Douglas fir, Sitka spruce (the Coast spruce), Incense cedar, Thuja plicatum (native cedar) and Lawson cypress (Port Orford cedar). We have most of these in a number of sizes from 2 feet up to 15 feet, in some instances.

Among the native shrubs we can supply Oregon Grape, Red Flowering Currant, Ocean Spray, and Vine Maple. Among the native shade trees are the Oregon Ash, which is the best suited tree where drainage is poor and the Oregon Maple, perhaps our most rapid growing shade tree. We do not price this stock in this list since our sizes are so varied. Look it over in our salesyard.

SHIPPING ORDERS

The prices herein are salesyard prices and do not include shipping costs unless marked "prepaid".

If parcel post shipment is desired it must be prepaid. If you wish your order to go forward by parcel post and if item is not priced "prepaid" you can add 25c to any order (item with dirt ball excepted) under \$2.50 or 10% of amount of order for amounts exceeding \$2.50 and we will prepay by parcel post. PROVIDED ITEMS ORDERED ARE SMALL ENOUGH TO GO BY PARCEL POST. Trees over 5 feet high will have to be pruned back to meet parcel post regulations.

THE ABOVE PREPAID DEAL APPLIES ONLY TO SHIPMENTS IN OREGON AND WASHINGTON. Shipments elsewhere are shipped express or freight at buyers cost. Orders too large for parcel post will have to go freight or express. No C.O.D. please.

BULBS

We will have a nice assortment of Bulbs this fall. These will include TULIPS, HYACINTHS, CROCUS, DAFFODILS and LILIES. These are all bulbs that should be planted by December first. For spring plant we will have DAHLIAS and GLADIOLUS in variety.

Visit our salesyard at 375 S. Liberty Street, 3 blocks south of State Street . . .

FRUIT AND NUT TREES
SHADE TREES

THE NURSERY SITUATION

Most nursery stocks are still in short supply. The supply of nursery items cannot be increased overnight. Fruit, nut and shade trees require from two to four years while many items of ornamental stocks require more time than that to mature.

Few nurseries can supply two year fruit trees, having sold their yearlings last year at good prices. We held back a good block of yearlings and can offer this fall some splendid two year branched trees of apple, cherry, pear and plum.

We will be able to supply fruit and nut and shade trees, berry bushes and rose bushes about November 20th. Most lines of shrubbery, which are dug with dirt ball, will be available in October. Fall and winter planting is preferable to spring planting. Results are usually better and in years of shortage, such as this, the early buyer gets the cream of the crop.

WALNUTS

We grow Franquette walnut only. This is the long, thin shelled variety that is planted almost exclusively in this region. Our soil conditions produce trees with heavy, much branched root systems and are vastly superior to the immature, spike-rooted trees that many nurseries import from California.

Salesyard Prices

	Each	Ten

WINESAP—A keeper.

ROME

RED ROME—Best keeper.

TOLMAN SWEET

YELLOW NEWTOWN

HYSLOP CRABAPPLE

COMBINATION FRUIT TREES

CHERRY. We offer a limited quantity of cherry trees that are limb-grafted to three varieties of sweet cherries. The varieties are Royal Anne (light colored), Lambert (black) and Hoskins (black). Hoskins is an excellent pollinizer for the other two varieties as well as being a fine fruit in itself.

\$2.50 to \$3.50 each.

We have a few combination trees of apple and of plum with two and three varieties per tree. Too few to list varieties available. See them at our salesyard.

ESPALEIR TREES

We will not stock many espaliers but can obtain them for our customers upon order. These are the fruit trees so trained that they will grow against a wall or a fence. Prices and varieties upon request.

FILBERTS

BARCELONA. This is the main commercial variety. It must be pollinized. One tree in nine should be DUCHILLY, DAVIANA or ROYAL. We can supply Duchilly and Daviana in this proportion at the same price as Barcelona. Prices on Royals below. (No Davianas or Duchilly to sell separately.)

Price 1-year tip-layers Barcelona, Duchilly and Daviana.

	Each	Rate 10	Rate 100
3 to 4 ft.	.80	.70	.65
4 to 5 ft.	.90	.80	.75
5 to 6 ft.	1.00	.90	.85

ROYAL FILBERT. This is the largest commercial variety. A splendid, heavy producer that is self-husking. Pollinize it with Barcelona and Daviana.

	Each	Rate 10	Rate 100
3 to 4 ft. tip-layers			\$1.10
4 to 5 ft.	1.50	1.45	1.35
5 to 6 ft.			1.50
6 to 7 ft.			1.65

GRAPES

A properly selected assortment of grape varieties will produce fruit from mid-August until Thanksgiving here in the Willamette Valley. We can ripen both the American varieties (slipskin varieties) and the European or California types (tight-skinned) if proper varieties are chosen. We have ripened at Salem all the varieties in the following list except those marked (*). These we have not had long enough to bring them into bearing. The following list is in approximate order of ripening.

E—denotes European type (tight-skinned).

A—denotes American type (slip-skinned).

PERLE DE CASBA (E)—White.

SENECA (ExA)—White. \$1.00 each.

ONTARIO (A)—Green.

PORTLAND (A)—White.

EARLY MUSCAT (E)—White. \$1.00 each.

NIAGARA (A)—White.

FREDONIA (A)—Blue. A dandy.

CAMPBELL EARLY (Island Belle) (A)—Blue.

YATES (A)—Red.

CACO (A)—Red.

LUCILE (A)—Red.

DELICIOUS (A)—Red.

MALAGA (E)—White.

WORDEN (A)—Blue.

SALEM (A)—Pink.

RUBY (A)—Red.

GOLDEN MUSCAT (AE)—Golden yellow.

75c each.

CONCORD (A)—Blue.

URBANA (A)—Pink. Keeps until Thanksgiving.

BLACK HAMBURG* (E)—Blue. Has ripened at Corvallis.

ALACANTE* (E)—

GOLDEN CHASSERAS*—

Prices Grape Vines

(unless otherwise marked)

50c each; \$5.00 dozen.

RHUBARB

RIVERSIDE GIANT AND STRAWBERRY

—20c each; 3 for 50c.

McDONALD—A fine new variety recently introduced; 50c each.

CANADA RED—A new, high-grade solid red variety; 75c each, 3 for \$2.00.

BERRIES

Every garden in the Willamette Valley should be well planted with berries of all kinds. Berries are easily grown, produce bountifully and produce food crops much earlier than do fruit trees. You can grow more fruit with less effort from a well-selected berry planting.

Treat your table to the best. Keep down the high cost of living by growing lots of berries.

NEW BLACKBERRIES

Cascade and Pacific are two new blackberries of great merit, that were originated at the OSC by crossing our small native blackberry and the loganberry. They bear dark colored fruits nearly as large as loganberry. The seeds are small, quality high and they bear heavily. Fine for eating and tops for jams and pies. Plant them 6 to 8 feet apart and train like Boysenberries. They start bearing the second summer.

	Each	Doz.	100	1000
2-yr. transplants	25c	\$2.50	\$15.00	\$120.00
Tips (April only)	15c	1.50	10.00	70.00

NECTAR BERRY

This berry has received considerable publicity recently. In our opinion it is simply a very good strain of Boysenberry, producing possibly a little heavier than the regular Boysenberry and with fruits possibly a little larger. Some consider its fruits to be of better quality.

Two-year transplants—50c each; \$5.00 per dozen.

BOYSENBERRY

YOUNGBERRY

LOGANBERRY

These fine berries are planted 6 to 8 feet apart in rows 8 feet apart and are grown on trellis. Heavy producers of fine fruit. Every garden should have some of each of these.

	Each	Doz.	100
2-year transplants	25c	\$2.50	
Tips (April only)	15c	1.50	\$10.00

THORNLESS EVERGREEN

BLACKBERRY

The heaviest producer of all berries. Fruit comes after all other berries are thru producing. Two or three hills will supply all one family can use.

	Each	Doz.	100
2-yr. transplants	50c	\$5.00	
Tips (April)	25c	2.50	\$10.00

THORNLESS YOUNGBERRY

THORNLESS BOYSENBERRY

We can see no difference between these two berries altho the trade lists both. We believe it is a case of one variety with two names. With us it bears very well and produces large berries in the same season as regular Youngberry. A very much worth-while fruit even tho there is confusion regarding the name.

Price

	Each	Doz.
Tips (spring only)	.25	\$2.50
Transplants (Nov. to March)	.50	5.00

RED RASPBERRIES

WILLAMETTE. This fine berry is from the Oregon Exp. station. We rate it tops for home use. Our patch produced fruit for a period of over 6 weeks this spring. With irrigation we have had plenty of fall berries for home use for the past two years. Berries are the largest that we have seen; a heavy producer and quality good. Good for canning, freezing and dessert.

Price—\$1.50 dozen; \$8.00 per 100.

Write for quantity prices.

NEWBOURGH—Very large fruit and productive.

TAYLOR—Good sized fruit.

LLOYD GEORGE—Medium size and fine quality.

CUTHBERT—Highest quality but less productive than the above varieties.

Prices (except Willamette)—\$1.00 dozen; \$6.00 per 100.

ST. REGIS—Everbearing; \$1.50 dozen.

BLACK RASPBERRIES

MUNGER—2-year transplants 25c each; \$2.50 dozen.

Tips (March and April) \$1.50 dozen; \$7.50 per 100.

CURRENTS

FAY—The standard red currant.

2-year 25c each; \$2.50 dozen; \$17.50 per 100.

RED LAKE—A fine new variety. Tops for size. Heavy bearing. Fine quality.

2-year plants 50c each.

GOOSEBERRIES

OREGON CHAMPION—The standard variety. For canning and pies.

25c each. \$2.50 dozen; \$17.50 per 100.

STRAWBERRIES

We are tempted not to list strawberry plants, the price having been forced out of line due to high cost of field work. We do not grow our own strawberry plants and are not particularly looking for business in strawberry plants but are listing them to keep our list complete.

Strawberry Plant Prices

Marshall, Narcissus, Redheart, Oregon—50c dozen; \$3.00 per 100; \$20.00 per 1000.

Rockhill Everbearing—the runnerless best quality everbearing—\$1.50 dozen; \$10.00 per 100.

Gem Everbearing—75c dozen; \$4.50 per 100.

STREAMLINER

The sensational new everbearing strawberry. Plants set in spring will start producing by August first and will continue to produce fine, large, luscious berries until heavy frost. Plants very vigorous (they make runners in contrast to Rockhill everbearing). The plant is very vigorous and the berries, which have a minimum of seed, are large and of very fine quality. Fine keepers. Start bearing about 10 days before Rockhill. Like other everbearing strawberries they require irrigation to produce a good fall crop. Supply limited. Order early.

POSTPAID PRICES

\$1.50 dozen; \$2.50 for 25; \$9.50 per 100

FOR QUICKEST SHADE

These shade trees are among our fastest growing. Plant them where shade is needed in a hurry.

BLACK LOCUST—\$1.00 to \$1.25.

CAROLINA POPLAR—Makes an immense round headed tree; \$2.00 to \$2.50.

LOMBARDY POPLAR—Tall, very narrow growing trees; \$1.00 to \$5.00.

OREGON MAPLE—Makes an immense tree very rapidly. Large transplanted trees \$3.00 to \$7.50.

WEeping WILLOW—\$1.00 to \$2.00.

RARE AND UNUSUAL TREES

ALBIZZIA JULIBRISSIN—Mimosa tree. Silk tree. Has attractive, graceful foliage and pink flowers in summer; 2 to 3 ft trees, \$2.50.

FRANKLINIA ALTAMAH—An exquisite fall flowering tree or large shrub. Best grown as a shrub. Very rare; 30 to 36-inch bushy plants, \$5.00.

SOPHORA JAPONICA—Jap Pagoda tree. Chinese Scholar tree. Produces late appearing white flowers. Has small dark leaves. Provides winter attraction with its green limbs. Very unusual; 5 ft. tree, \$4.00.

HALESIA TEPTRAPTERA—Silver-bell or Snowdrop tree. Millions of small white bells hang from its branches in spring; 2 ft. trees, \$1.50.

AMERICAN PERSIMMON—The wild persimmon of the East. A very attractive slow growing tree; 6-year old trees, \$3.50 each.

FLOWERING TREES

Flowering trees are generally small to medium growing trees and are well suited to use in town gardens and on parkings. They provide shade as well as flowers.

FLOWERING CRABAPPLES

Aldenhamsensis—Dark purplish-red buds and bronzy foliage. Purple red flowers and red, ornamental fruits.

Autopurpurea—This is a smaller growing, half weeping variety with pink flowers.

Floribundi—Very similar to Autopurpurea.

Bechtold—A dwarf, slow growing variety. Double, bluish-pink flowers.

Neidzwetskyana—Pink flowers. Red fruit.

Scheiderkeri—Large ten petal pink flowers.

Eleyi—One of finest crabs. Large, showy blossoms of purplish red color. We have this in 4 to 6 ft. whips only.

PRICES on flowering crabs: 4 to 5 ft. whips (except Bechtold crab) \$1.50 each. Bechtold crab 2 ft whips \$1.50. Larger transplanted crabs 4 years to 6 year old and up to 10 feet high from \$2.50 to \$7.50 each depending upon size and shape of specimen.

FLOWERING PLUMS

These bloom very early in the season and at very young age. Medium size growers.

Glieriana—Double deep-pink flowers before the leaves come out. Bronzy leaves.

Vesuvius—Single flowers of lighter shade of pink than above but with very red leaves all summer.

Pissardi—Near-white flower. Red leaves.

PRICES on flowering plums: 5 to 6 ft. whips \$1.25 each. Large specimen trees that have been transplanted in sizes up to 10 feet at prices from \$3.00 to \$7.50 each.

FLOWERING CHERRY

KWANZAN—This has a double pink flower. Most popular of the flowering cherries; 4 to 5 ft. whips \$1.50; 5 to 6 ft., \$2.00; larger well branched trees that have been transplanted up to \$5.00.

WEeping CHERRIES—Both single and double flowering; \$2.50 to \$4.00. (Can't be shipped.)

PINK FLOWERING FLORIDA DOGWOOD—One of most desired flowering trees. Slow grower. Makes rounding head. Flowers in May.

Balled plants, 3 to 4 ft., \$6.00; 4 to 5 ft., \$7.50; 24 to 30 inches, \$3.50.

WHITE FLOWERING FLORIDA DOGWOOD—3 to 4 ft. balled, \$3.00; 4 to 5 ft., \$4.00; 5 to 6 ft., \$5.00.

PAULS SCARLET HAWTHORNE—\$2.50 to \$5.00.

CARRIERES HAWTHORNE—White flowers and beautiful red seed hips that hang on all winter; \$2.50 to \$5.00.
